A CANADIAN REMEDY

For Constipation, Irrigability and Debility of the Digestive Organs, Inducing Headache, "astute, Nervousness, General Prostration of the Mind and Body, Paralysis, &c.

A moment's reflection ought to convince a sensible man of the fully and danger of constantly dosing with Cathartic Medicines. The practice is pernicious and suicidal. An experience of forty years has taught me that the constantly increasing evils of indigestion are fearfully aggravated by the too free use of Cathartics. The American people are fast becoming a nation of dyspeptics by their artificial modes of life. Dr. Colby's Tonic increases the irritability, and prostrates the strength of the digestive organs.

The Pills now offered are especially designed to allay this irritability, and at the same time to invigorate and strengthen all the functions of digestion, while they are gently laxative. They are anodyne, tonic and laxative. They are so mild and invigorating that no one is reminded by any disagreeable effects that he has taken medicine. Business Men, Students, Professional Men, Females, and all persons leading a confined or sedentary life, should try them.

The undersigned Physicians, cheerfully certify to the high professional standing of Dr. Colby of Stanstead, one of the oldest and best Physicians, and to the excellent qualities of his "Anti-Cosmetic and Tonic Pills," which we have used in our practice, and highly approve.

GREATEST IMPROVEMENT

OF THE AGE.

THE GOOD SAMARITAN!

FOR

WOOD OR COAL.

Ahead of all Competition!

5493 of them manufactured last year—more than double the number of any other first class stove in one year, in the United States.

THEY contain all the improvements which are in all the first class stoves, and the advantages and improvements over other stoves are in part as follows:

1st. The arrangement for heating on the front hearth, an improvement overlooked in other first class stoves. It has also the same arrangement for broiling on top.

2d. A thorough ventilation of the Oven.

3d. Introducing hot air straight to the fire chamber, thereby increasing the draught of the Stove, quickening its operations, and enabling it to throw out more heat—matter much and justly complained of in other Stoves.

4th. An important improvement in the application of the damper, which throws the heat around the oven.

5th. Much greater weight, consequently heavier plates, and more durable as well as handsome castings.

6th. A draft damper at each end of the fire box, so that the fire is equalized, and one side will heat as quick as the other, also heating the oven in half the time.

7th. Fire back protected by soap-stone, so it cannot burn out.

In addition to the above improvements, it has all that is combined in other first class Stoves, viz—Hot water Reservoir, Warming Closet, Roaster in front, Boiler on top, Doors lined with best linoleum, &c., &c. Further, this stove is warranted to do the work with as little fuel as any other stove in the market, and in a superior manner.

All who want a first class stove, should not fail to call and see the GOOD SAMARITAN, as they have in every instance given satisfaction.

I am the exclusive agent for the sale of this Stove in Montpelier, and for any reasonable length of time; so all are safe in buying.

I have also as full an assortment of Common Stoves on hand as any other dealer in Washington County, and sell as low as any one in the State.

Montpelier, Dec. 10, 1861.

THE ONLY DISCOVERY WORTHY OF ANY CONFIDENCE FOR RESTORING THE BALD AND GRAY!

Many, since the great discovery of Prof. Wood, have attempted not only to imitate his restorative, but profess to have discovered something that would produce results identical; but they have all come and gone, being carried away by the wonderful results of Prof. Wood's preparation, and have been forced to leave the field to his restful way. Read the following:

Each State, April 18th 1859

Prof. O. J. Wood & Co. Gentl: The letter I wrote you in 1856, concerning your valuable Hair Restorative, and which you have published in this vicinity and elsewhere, has been received, and has done me much good. I have been in the case. The inquiries are, first, is it a fact of my habitation and name, as stated in a communication; second, is it true of all the persons contained; third, does my hair still continue to be in good order and of natural color? To all I can and will answer invariably yes. My hair is even better than in any stage of my life for forty years past, more soft, thick and better colored. The same is true of my whiskers, and the only cause why it is not generally true is that the substance is washed off by frequent ablution of the face, when if care were used by wiping the face, in close connection with the whiskers, the same result will follow as the hair. I have been in the receipt of a great number of letters from all parts of New England, asking me if my hair still continues to be good; as there is so much fraud in the market, I will ask as a favor, that you send me a test by which I can discover fraud in the Restorative, sold by many. I fear without authority from you. A pure article will insure success and I believe your good effects, do not follow the failure caused by the impure article which is the inventor of the good. I deem it my duty as heretofore to keep you apprised of continued effect on my hair, as I assure all who enquire of my unshaken opinion of its valuable results. I remain, dear sir, yours,

A. C. RAYMOND.

A. C. RAYMOND, Nov. 30, 1858

I have a great injustice not to make known to the public the wonderful, as well as the unexpected result I have experienced from using your bottle of your Hair Restorative. After using every kind of Restorative, but without success, and finding my hair nearly bald, I was finally induced to try a bottle of your Hair Restorative. Now candid and justly compelled me to announce to whomever may read this, that I now possess a new and beautiful growth of hair, which I pronounce richer and handsomer than the original was. I will therefore take occasion to recommend this valuable remedy to all who may feel the necessity of it.

Respectfully yours, REV. S. ALLEN BROOK.

P. S.—This testimonial of my appreciation for your valuable medicine is inscribed in the margin of this letter. If you think it worthy a place among the rest, insert it if you wish; if not, destroy it and say nothing.

Yours, &c., Rev. S. A. B.

The Restorative is put up in bottles of three sizes, viz large medium and small. The small bottle holds one ounce, the medium one and a half, and the large one two ounces. The price of the small bottle is one dollar per bottle; the medium one dollar and twenty cents; and the large one dollar and fifty cents. The large bottle holds a quart of the oil, and is sold for one dollar and fifty cents. O. J. WOOD & CO., Proprietors, 411 Broadway, New York, and 114 Market Street, St. Louis, Mo. And sold by all good Druggists and Fancy Goods Dealers.

ST. NICHOLAS HOTEL,

BROADWAY, NEW YORK.

BOARD REDUCED TO \$2 PER DAY.

Since the opening of this vast and commodious Hotel, in 1854, it has been the single endeavor of the proprietor to make it the most sumptuous, convenient and comfortable home for the citizen and stranger on this side the Atlantic. And he has succeeded in making it a place of resort to the comfort of its guests they have enjoyed, without regard to cost, to provide, and to combine all the elements of individual and social enjoyment which modern art has invented, and modern taste approves; and the patronage which it has commanded since the past six years is a gratifying proof that their efforts have been appreciated.

To meet the exigencies of the times, when all are required to practice the most rigid economy, the undersigned

Have Reduced the Price of Board to

Two Dollars per Day,

at the same time retaining none of the luxuries with which their table has hitherto been supplied.
